

TOP 75 IDEAS IN LIFE MISSION

Towards Net-Zero & Water Positive Campus

Developing a Sustainable Campus

Our tailored sustainability solutions empower HEI's to assess, track, and communicate their Environmental, Social, and Governance impacts effectively, making campuses water positive, achieving Net-Zero and improving national/global rankings. With our services, institution can align its mission with the UN's Sustainable Development Goals (SDGs).

Our Offerings

- Sustainability assessment & reporting
- Reuse of treated wastewater
- Smart water management
- Water positive campus
- STARC Dashboard
- Energy/Green/Environment Audits
- Certifications (ISO's & ZLD etc.)
- Training & Workshop (ESG)
- Waterbody restoration
- Smart energy management
- Biodiversity Survey
- Drone survey for green cover and build up area estimation

Benefits to HEI's

Cost Savings, Water & Energy Security

Global & National Rankings & Accreditation

Aligns with NAAC, UGC & Global Sustainability Mandates

Enhanced Reputation & Brand Image

ISO & Water Positive Certification

Case study : Net-Zero & Water Positive Campus

50 Lacs Litres Water/year saving through Smart metering

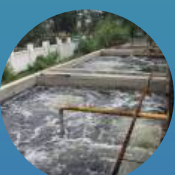

2 MWp Solar Power Plant

49733 Sq. Mt. 14 Rainwater Harvesting Systems

Estimation of current GHG emission under various scopes

1.1 MLD Recycle & Reuse of Water

1.5 Acre Rejuvenation of waterbody

109 Unit Saved enery through sensor-based lighting

EHM is a sustainability startup founded by IIT alumni, offering services & solutions aligned with the Sustainable Development Goals. We assist HEI's & industries in enhancing their ESG practices, brand value, developing & implementing sustainability strategies.

EHM awarded with the Best Sustainability Startup Award 2024 by the Honorable Governor of UP. We're a member company of Technopark IIT Kanpur, and empanelled with E&ICT Academy IIT Kanpur, MeitY GoI.
